Condensed Telegrams from All Quarters.

—A lock-out of 15,000 miners is threatened in Cornwall, England.

—A banquet was given to Gen. Schenck in Dayton last night.

—The Ohio Legislature has passed a bill to provide that stone coal sold at retail shall be sold by weight.

—The Eagle line steamer Goethe, which left Hamburg on Thursday for New York, is aground in the Elbe river. Her cylinder is broken.

—A general seattering of gamblers is taking place at Omaha. The new administration are acting with great vigor for the suppression of such characters.

—A terrific gale has raged in the English Channel during the past three days. Many ships, names unknown, have been wrecked, and all on board lost.

—The first meeting of the new City Council of Cincinnati passed an ordinance repealing what are known as "Sunday and temperance ordinances" by a vote of thirty-eight to five.

—The Porte has authorized the Khedive of Egypt to keep the Suez Canal in working order should M. De Lesseps persist in his refusal to abide by the decision of the International Commission.

—The House Committee on Railways has authorized General Hurlbut to draft a report in favor of the construction of a double-track freight railroad from the Mississippi Valley to tide water at or near New York.

—Orders have been given to put the United States ships Shenandoah and Guard at New York, and the Franklin, at Boston, out of commission, and to discharge such men as have already or nearly served their term of enlistment.

—Placards are posted up in the agricultural districts of England cautioning intended emigrants to the United States, and stating, on the authority of Consul Archibald of New York, that forty thousand hands are ready to return to England.

—Dispatches from Western Carolina report severe and heavy rumbling in Bald and Stone Mountains on Tuesday last. Trembling of the earth was felt more than a hundred miles from the mountains. The shocks are more severe than before, and it is firmly believed by scientists that an eruption is imminent.

UNIONTOWN.

Letters from Two Correspondents—Progress of the Temperance Movement—The Effect it is Having—A "Standard" Editorial Aimed at the Wrong One.

Correspondence of the Pittsburgh Gazette:

UNIONTOWN, PA., April 15, 1874.

The temperance ladies here still continue in their work and seem determined not to falter. The weather for this week has been very inclement, however, some of more courage than others ventured out and did what they could. On Tuesday evening a prayer meeting was held at the residence of Hon. Daniel Sturgeon, for the purpose of discussing plans and pledges, and in asking God to bless us in our work.

A meeting was held in the Reformed Methodist church on Thursday evening for the good of the cause. It was conducted by the Rev. Hickman, and consisted of singing and praying, and remarks from Rev. Mellville, Rev. Mcffitt and W. A. Donaldson. Each and all had

A WORD OF ENCOURAGEMENT

for the ladies in this good work. The second meeting of the W. C. T. U. met in the Cumberland Presbyterian church, according to previous announcement on Saturday, and a goodly number were present. Some came with the determination to assist, others for curiosity "and to spy out the nakedness of the land." The meeting was called to order at three o'clock, with Mrs. Isaac Beeson in the chair, and Miss M. B. Campbell as Secretary. The President opened the meeting by reading from the Bible followed by singing "Am I a Soldier of the Cross," Miss D. J. Bailey as organist. Next came the reports of the work of committees for the week past. The committee that visited liquor sellers, Mrs. John Dawson being "chairwoman" made rather an encouraging report, saying they had visited all those that were said to be selling. Some acknowledged they had sold, but did not now, others denied having ever sold while others said they were selling, and one man promised not to sell any more. So far I believe he has kept his promise, and hope he will always keep it. None of them would sign the pledge. The committee to visit druggists reported that all had been called on and

ALL SIGNED THE PLEDGE

excepting one, and it looked as if he had been selling in the past and intended doing so in the future. Next came a report from the committee that visited physicians. All had been called on, those that did practise, and those that did not, and all signed excepting two. The committee on visiting housekeepers to ask them not to use wines or liquors in cooking, reported very favorably.

A prayer meeting was announced for Monday at three P. M., in the Reform Methodist church. Mrs. Dr. Smith Fuller made a very effective prayer for all engaged in this struggle. The meeting then adjourned for that day.

The first of a series of union meetings was held in the Methodist Episcopal Church on Sabbath evening. Rev. Mellville made a practical discourse, which showed conclusively, that womans' war against whisky was a good cause, and that the Lord was on our side. He dealt only in facts so that none could doubt the truth of the discourse. ALLEQUIPPA.

From our Regular Correspondent.

UNIONTOWN, PA., April 16, 1874.

We are still having rough weather, but as a sign of spring, the peach trees are putting forth their blossoms and the grass is a beautiful green, and householders have been making some spasmodic efforts at gardening. The mud brigade, with shovels and hoes, was out last week on Main street and it now looks vastly cleaner than at any time for a year past, and it is to be hoped that other streets and alleys too will be made subject to the same treatment. There have been many changes of residence in our town this spring, as usual, and several houses are likely to be left empty for a time.

Soldier's Orphans School.

The Soldier's Orphans School has been moved to Dunbar's Camp, a place of historic renown, and therefore a fit place for these children of our country.

The woman's crusade has been inaugurated in our town at last, and as this county gave a large majority in favor of Local Option, and against license, they should have an easy time ahead of them, if there *really* is any practicability in their theory, but I fear they will find deeply rooted in man's nature a desire for stimulants which will not be denied, and which only a complete change of nature itself can ever fully overcome. Our druggists have pledged to sell liquors only on prescriptions—*i. e.*, that they will obey *the law*. All except two of our physicians have pledged themselves to give prescriptions only when absolutely necessary.

A Misdirected Editorial.

"Uncle Jake," of the *Standard*, was misled last summer into one of the most corrupt political combinations that has ever disgraced western Pennsylvania, and is too *pig-headed* to acknowledge his errors, but is ever striking at your correspondent, and unfortunately for him, hitting some one else. His slanderous article this week is directed at a young man of this town now engaged on the GAZETTE. It has been read with the most unreserved contempt for the writer, by all who are acquainted with the one at whom it was aimed. I dislike to see so good a representative of our town struck over my shoulders, but such vile slanders, from such a source, will only raise him higher, if such a thing be possible, in the estimation of all right-thinking people. BISHOP KINGSLEY'S MONUMENT.

A Beautiful Tribute of Affection and Esteem.

The new monument to be erected over the remains of the late Bishop Kingsley at Beyrout, Syria, for which purpose a fund of $2,500 was raised at the late M. E. General Conference, is on exhibition in New York city for a short time previous to its shipment for Beyrout, where Mrs. Kingsley, her daughter and others will receive it. The monument is of Quincy granite, twenty-two feet above the foundation. It is richly moulded and the obelisk shaft is ten feet ten inches in height. The stone bears the following inscription:—

Rev. Calvin Kingsley, D. D., Bishop of the Methodist Episcopal Church. Born in the State of New York, United States of America, September 8, 1812. Died in Beyrout, Syria, April 6, 1870, while making for his Church the first Episcopal tour around the globe.

May his tomb unite more closely Asia and America.

The opposite side of the stone reads as follows:

Erected as a tribute of affection and esteem by order of the General Conference of the Methodist Episcopal Church.

Redeemed from earth and pain,
Ah! when shall we ascend,
And all in Jesus' presence reign,
With our translated friend?

A WOMAN was found dead in Corry, Saturday morning, under rather peculiar circumstances. The woman was found dead in bed, while at her breast was an infant vainly attempting to get nourishment from the maternal fount. The husband said that the woman had starved to death. Monday the man was arrested and put in jail to await the action of the Coroner's jury over the remains.

ARKANSAS.

The Governors' War.

Federal Troops Preventing Bloodshed

Proclamation by Baxter.

A Military Governor Appointed.

The People Enrolling

Federal Troops Preventing Bloodshed.

LITTLE ROCK, Ark., April 17.—During the warlike movements of last night Colonel Rose, commander of the U. S. Arsenal, brought a company down, stationing them at the corners of Main and Fourth streets, and sent word to each side that while he had no orders in behalf of either party, he was directed to prevent bloodshed. The company returned to the arsenal this morning, there appearing to be no immediate danger.

Proclamation by Governor Baxter.

Governor Baxter has issued a proclamation, reciting the circumstances of the attempted revolution by Brooks, and concludes by saying: "The executive of the State has but one obligation to perform, that to which he is bound alike by his duty as a citizen and his official oath. The authority of the law will be immediately and effectually asserted—peaceably it may be, but asserted in any event. The Government proposes to occupy the capitol."

The Circuit Court Moved.

This morning Judge Whylock sent a note to the Clerk of the Circuit Court, stating that he had been advised by the Sheriff that it would be unsafe for him to come to the Circuit Court room on Markham street, and requesting the Clerk to bring the records up to the State House. Governor Baxter's attorneys were also notified. These gentlemen declined to pass through Brooks' guard into the State House, where the County Clerk's office is located, to attend the Court. The Judge then moved to the Criminal Court room just opposite, but the counsel did not attend at that place. Judge Whylock then overruled the motion to set aside the judgment in the Brooks-Baxter case, and sustained the motion to correct the record so as to show that the demurrer was submitted without the knowledge of Baxter or his attorneys.

Indignant Lawyers.

The bar held a meeting to-day and passed severe resolutions against Whipple, Brooks' attorney, for his non-professional conduct, and also against the Court for its action in the absence of the Governor's counsel.

A Military Governor.

During the morning General T. P. Dockery was appointed Military Governor of the city, and issued the following order:

HEADQUARTERS MILITARY GOVERNMENT, City of Little Rock, Friday, April 17, 1874.—General Order No. 1.—The Commander-in-Chief of the militia of the State of Arkansas has appointed me Military Governor of the city of Little Rock. All male citizens between the ages of eighteen and forty-five are hereby ordered immediately to report for duty at these headquarters, at the southeast corner of Markham and Scott streets. Failure of a prompt compliance with the requirements of this order is not expected from patriotic citizens, and the consequences of such failure must rest with those who omit to comply.
(Signed) TOM. P. DOCKERY,
Brig. Gen. and Military Governor of the City of Little Rock.

The People Enrolling.

Since the issuance of this order the people have been rapidly enrolling.

Address to the People.

The following address, signed by nearly all the leading citizens of Little Rock, was issued to-day:

To the People of the State of Arkansas:

The recent occurrence here in an attempt to displace Baxter and install Brooks as Governor of this State is a matter of such serious moment as to require in our opinion a few words from us. From the disposition heretofore made of the contest between Brooks and Baxter for the office of Governor by the Court of last resort, we had supposed that question settled, unless the next Legislature should undertake to act upon it, and decide that Baxter is not the legal Governor of the State. Acting as such Governor in a time of peace, when the country was quiet, by a movement wholly in violation of law and of a revolutionary character, Gov. Baxter was ejected from and Mr. Brooks was forcibly put into possession of such office, and is now attempting to exercise the functions and duties of the same. Gov. Baxter is determined to put himself in possession of such office and to hold the same, and has so proclaimed to you. In this we fully endorse Gov. Baxter, and we call upon you, whose interests are our interests, to come to the aid of Gov. Baxter in this movement. Our all is included in this, and if Gov. Baxter is kept out of office in this matter, then there is an end of peace and prosperity in this State, and in their stead we are to have disorder, bloodshed and ruin, and after a most deliberate review of the whole situation, we see no alternative but to sustain Governor Baxter in this trial, cost what it may, and we urge you to rally at once to the capital and aid in the maintenance of Governor Baxter to power and authority.

The Headquarters.

Gov. Baxter is still at the Anthony House, with a guard stationed around the hotel. Mr. Brooks is in the State House, surrounded by a large number of armed men, mostly colored. He is fortifying the place, apparently preparing for a siege.

The Mails.

Baxter to-day made a demand upon the postmaster for mail matter addressed to the Governor of Arkansas. The postmaster declined to deliver it, saying he had refused it to Mr. Brooks, and had telegraphed to the Department for instructions.

Court Adjourned.

The United States Circuit Court adjourned to-day until the first Monday in May, and Judge Dillon leaves to-night for St. Louis.

The First Arrest

was made by the Baxter troops, who arrested one of Brooks' lieutenants this morning, while passing near the Baxter headquarters, and sent him to the guard house.

The Forces.

Brooks' forces have not apparently been augmented by any considerable number. Baxter's officers are enrolling men rapidly, and the public feeling is generally in his favor. The United States troops occupied a position at the United States Court room last night in the center of the city to preserve the peace, and will occupy a similar station to-night. Baxter's forces have taken possession of the different gun stores and the arms and ammunition in them.

A Truce.

LITTLE ROCK, ARK., April 17.—By an agreement between Colonel Rose, commandant of the United States arsenal, Gvoernor Baxter and Mr. Brooks, it is understood that neither side will extend their lines to-night or make any movement which will tend to bloodshed.

Promotions.

Generals B. C. Newton and T. J. Churchill have been appointed Major Generals by Gov. Baxter, and directed to take charge of his militia. Mr. Brooks has commissioned a number of persons to raise regiments and companies in his interest.

A Warlike Aspect.

The city at 8 o'clock presented the appearance of a military camp. Gov. Baxter's pickets are out in all the principal streets, and no one is permitted to pass without permission. He still holds the telegraph office. The State House is surrounded with a heavy chain of sentinels by Brooks. A company of United States troops occupy a position at the United States Court room, and another company at the corner of Center and Third streets, with instructions to interfere with no one, but to prevent bloodshed.

Instructions to the Postmaster.

WASHINGTON, April 17.—Postmaster General Cresswell, in response to a telegram of the postmaster at Little Rock, received to-day, instructed him as follows: "Letters addressed to Gov. Baxter or to Baxter, Governor of Arkansas, should be delivered to Baxter. Letters addressed to Gov. Brooks, or to Brooks, Governor of Arkansas, should be delivered to Brooks. You will retain all communications addressed to the Governor of Arkansas untill further orders."

The Recent Speck of War in the South-West—Sketch of the Series of Events which Brought it About—Personal History of the "Fighting Parson" who has Just Been Made Governor.

Special Correspondence Pittsburgh Gazette.

WASHINGTON, April 16, 1874.

The contest in Arkansas, which has assumed such prominence on account of the decision of the local Court and the decree of ouster enforced against "Governor" Baxter is an old one, dating as far back as the Gubernatorial fight of 1872. I received from Congressman Hynes, of Arkansas, a very clear and succinct account of the quarrel.

History of the Contest.

"You see," said Hynes, as we were standing by his desk in the House to-day, "there was a three-cornered fight in '72. The elements engaged were Republicans, Reform Republicans and Bourbon Democrats. The last named didn't cut much of a figure though, for their candidate for Governor soon backed down, and then the party went to the dogs. This left the State House men (so called Republicans) and the Reformers to fight it out. The Bourbons rather sided with the Reformers. It was a savage warfare until and even after the election took place. Then by virtue of sheer force Baxter and his henchmen threw out thousands of votes and counted in thousands of others, and declared the Baxterian Governor and Legislature entitled to seats. They had a *prima facie* case, and there was no alternative for Brooks but to submit and ask an investigation. This he did before the Legislature, but as they held their seats by the same count that had made Baxter executive, the appeal was of no avail. It was staved off till near the close of the session and then killed.

In the Courts.

"Brooks then went into the Courts and applied for a writ of *quo warranto*. Baxter was cited to appear, but refused, and declared his intention to ignore the jurisdiction of the legal authorities, a purpose to which he has adhered to this day. And so it came that although his counsel were notified that the demurrer would be argued Wednesday, none of them were present."

Correspondent—"Then Baxter's counsel were not taken unawares, as he would have the country believe by the telegram he sent to the President?"

Hynes—"Not at all. It was simply a move in accord with a well-settled and often-expressed purpose to have nothing to do with the Courts."

Correspondent—"And the President. What was the precise nature of his decision in the case?"

Hynes—"He was visited this morning by the entire Arkansas delegation, with the exception of Judge Wiltshire, who holds his office as a gift of Baxter's. Gen. Grant said the matter was clearly one for the Courts to decide, and he should in no way interfere."

Correspondent—"Will Baxter fight?"

Hynes—"I don't think so. You see he is disliked by not only Republicans, but Democrats."

And so the speck of war is probably over.

The New Governor.

The Hon. Joseph Brooks, who is thus installed Governor of Arkansas, is by no means an obscure person. For several years he has been one of the bright and shining lights—particularly within the pale of the Methodist church. He was born in Ohio, some fifty years ago, but moved, while a boy, to Iowa, where his father still lives and enjoys the respect due to a very early settler. There he grew up, was educated and joined the ministry. Thence he moved to St. Louis in 1856 and soon after became famous by a vigorous anti-slavery contest in which he shared honors with the since notable B. Gratz Brown. At the same time he was editor-in-chief of the *Central Christian Advocate*, the organ of the Methodist Episcopal Church for that section, and once went before the General Conference of his denomination as a candidate for the Episcopacy, but was defeated by one vote. During the rebellion he raised a colored regiment, and, although he was not its Colonel, led it and fairly earned the title of a "Fighting Parson." In 1863 he went to Arkansas and settled as a planter. He was very soon drawn into the whirlpool of politics, and from 1856 to 1860 was the recognized leader of the reconstructionists of his State, serving in the Constitutional Conventional Legislature and State Senate. In 1870, while canvassing the State with Hynes, he was shot by the Ku-Klux, and Hynes was killed. His service in the State Senate was of short duration. He was too honest for the ring, and after two weeks of Senatorial life, was ousted on a technicality. From 1869 to 1872 he conducted with marked ability the *State Journal*, the leading Radical newspaper of Arkansas. In the latter year he ran for Governor, as already stated.

Personal Appearance.

In personal appearance Gov. Brooks is a remarkable man, over six feet in height, with broad shoulders, a face of iron cast, and a head of monstrous proportions. He is a giant alike in intellect and physical stature. A delightful correspondent, a vigorous writer and a shrewd politician, he will peculiarly grace the position to which he has been elected, and doubtless do much toward elevating the condition of his State. FORTY-THIRD CONGRESS.

FIRST SESSION.

Louisville & Portland Canal.

The Louisiana Question.

Protest Against Currency Inflation.

WASHINGTON, April 17, 1874.

SENATE.

Protest Against Currency Inflation.

Mr. SHERMAN presented a preamble and resolution adopted at a large meeting of citizens of Cincinnati, protesting against any inflation of the currency. Referred.

Pacific Mail Subsidy.

Mr. SPENCER, from the Committee on Commerce, reported back the resolution of the California Legislature, protesting against the granting of any additional subsidy to the Pacific Mail Steamship Company, with a bill repealing the law of June 1st, 1872, providing for an additional subsidy of half a million dollars per annum for a semi-monthly service, and arranging a contract for said additional service, the company having failed to comply with the conditions of said contract. The bill was placed on the calendar, together with a written report made on the subject by the committee.

Louisville & Portland Canal.

Mr. SCOTT called up the bill to provide for the purchase of the bonds of the Louisville & Portland Canal Company.

The amendment proposed by the Senate Finance Committee to strike out the provision that the Secretary of the Treasury shall pay no money, and the Secretary of War shall not take possession of the work until the State of Kentucky shall cede to the United States jurisdiction over the canal and relinquish to the United States the right to tax or in any way to assess said canal during the time the Government may remain in possession thereof, was agreed to. Also the amendment to strike out the provision that no money shall be paid under the provision of the act until all claims for said tax shall have been released.

The new section reported by the committee providing that if at any time it should become necessary to enforce the lien of a mortgage upon said canal property, for the benefit of the bondholders, it should be lawful for the trustees named in the mortgage to commence proceedings in any Court having jurisdiction, with notice to the United States as to *terre ante pro form*, and serve a process upon any officer of the United States who shall have the superintendence of said canal, was also agreed to, and the question then recurred on agreeing to the amendments of the House as amended by the Senate.

Pending the discussion the morning hour expired, and the Senate resumed consideration of

The Louisiana Bill.

Mr. HAMILTON (Md.) moved that when the Senate adjourn to-day it be to meet on Monday next. Agreed to.

Mr. SCOTT said after the Senator from Nebraska (Tipton) should conclude his speech on the Louisiana bill, he would ask the Senate to resume consideration of the Louisville & Portland Canal bill.

Mr. TIPTON said it was a serious question for Congress to consider whether in saving the Union it had not lost the States. The whole case should have been left to State tribunals. The conspirators in Louisiana had borrowed an army and stolen a State. If the President would call away the Federal troops the legally elected Governor of Louisiana would soon show him that the present Legislature was not a lawful one, and there would be no conflict either, as the members of that Legislature would follow the Federal army away from the State. He protested against seating any man as a member of the Senate who came here with the credentials of Kellogg. At the same time he protested against the passage of Senator Carpenter's bill, as it would strike down the legally elected Governor (McEnery). His remedy was to remove the foot of a Federal Judge from the down-trodden State of Louisiana, and the Government now held in obeyance by Federal troops would resume its legitimate functions.

The Senate went into executive session, and soon after adjourned.

HOUSE.

The Mississippi Inundation.

Mr. MOREY introduced a joint resolution for furnishing rations, forage and clothing to the people suffering from an inundation from the overflow of the Mississippi river and its tributaries. He addressed the House on the subject, and said the present inundation was greater than any that had happened since 1847, that the people never were more destitute, and the number needing aid was from 10,000 to 15,000.

After some discussion the joint resolution was referred to the Committee on Military Affairs, with leave to report at any time.

Legislative and Judicial Appropriation Bill.

The House went into Committee of the Whole on the State of the Union, Mr. Woodford in the chair, on the Legislative and Judicial Appropriation bill, the question being an amendment offered by Mr. Butler (Mass.) that after March, 1875, the publication of laws in the newspapers shall not cease.

The Chair ruled the amendment out of order, from which ruling Mr. Butler appealed.

The ruling was sustained.

Mr. GARFIELD opposed both propositions, and advocated the propriety of each department paying its own postage.

Mr. WILLARD (Vt.) offered an amendment to make the item read "for furnishing official postage stamps to an amount not exceeding $50,000." Adopted.

The item appropriating $50,000 for postage stamps for the State Department reopened the subject of franking.

Mr. BUTLER (Mass.) proposed to appropriate only $1,000 for furnishing postage stamps at the cost of manufacture.

Mr. WARD proposed to have official documents sent through the mails free.

A long discussion occurred in reference to the clerical force of the Treasury Department. All that was accomplished was the reduction of the salary of the Chief Clerk and seven other principal clerks of the Treasury Department from $3,000 to $2,500.

The committee then, after getting through one page of the bill, rose, and the House adjourned.

WEATHER REPORT.

WAR DEPARTMENT,
OFFICE OF THE CHIEF SIGNAL OFFICER,
WASHINGTON, D. C., 1 A. M., April 18, 1874.

Probabilities for To-day.

For the Middle States and lower lake region, partly cloudy weather, with winds shifting to southerly, and rising temperature over the latter section and diminishing in force on the coast.

For Tennessee, the lower Ohio Valley and Missouri, generally clear weather, rising temperature and light to fresh winds.

The upper Ohio river and the Mississippi from Cairo down will continue rising.

The Currency Question.

The President Interviewed.

Opposed to Inflation.

Louisville & Portland Canal.

Spicy Senatorial Discussion.

Special Dispatch to the Pittsburgh Gazette.

WASHINGTON, April 17, 1874.

Louisville & Portland Canal.

In the discussion of the Louisville & Portland Canal bill, yesterday and to-day, Senator Conkling was the persistent opponent of that great Western interest, taking a most unpopular course for a Presidential aspirant. He and Senator Edmunds, though good debaters, were badly worsted by Senators Stevenson of Kentucky, Scott of Pennsylvania, Thurman and Sherman of Ohio, and particularly Morton of Indiana, all of whom took broad national grounds in favor of the work. The discussion was spicy, Stevenson parrying with vigor every thrust at old Kentucky's honor. Conkling boasted that New York, with one-eleventh of the population, paid one-third of the nation's revenue. Westerners retorted by asking how much she could pay without receiving the resources of the West. The bill went over until Monday, when the West and South will probably show their earnestness by again voting as well as speaking.

The Currency Bill.

Western Congressmen feel well satisfied with the recent currency bill, though there is a strong lobby from Wall street here working against it. Their efforts will not avail. There is no constitutional objection to the bill, and it will become a law.

The Mississippi Levees.

The Select Committee on Mississippi Levees have instructed its chairman to report a bill authorizing the President to appoint five Levee Commissioners—two from the engineer corps of the army without additional pay, and three engineers from civilians at $5,000 salary each—to examine and report to the President the best means of leveeing the Mississippi, to be by him submitted, with recommendations, to the next Congressional session. The present flood and levee destruction may cause favorable action thereon.

Railroads and Canals.

The House Committee on Railroads and Canals have adopted the following resolution, which will debar most of the applications now pending for charters or subsidies:

Resolved, That it is not expedient to recommend to the House the grant of any charter of a railroad from State to State unless satisfactory evidence shall be produced to the committee that capitalists are ready to subscribe for the full amount of the stock and proceed to construct the road forthwith."

This will reverse the usual order of proceeding, as capitalists do not generally subscribe for stock to construct a railroad and then go begging for a charter, and it is believed that no railroad was ever yet constructed upon any such terms. DIAMOND.

WASHINGTON, April 17, 1874.

New York Currency Contractionists at the White House.

The committee appointed to present to the President a petition signed by about 2,500 bankers, capitalists and merchants of New York, asking him to veto the Senate finance bill, or any other bill tending to inflate the currency, discharged their mission to-day. Besides the committee, there were present Senators Carpenter, Logan and Ferry, of Mich. Cyrus A. Field presented the petition. A. A. Low, in his address, said they wanted a veto to avert what they regard as the most disastrous blow to the credit of the country, and was followed by S. S. Chittenden.

The President, in reply, said he had watched the progress of the bill through Congress with more interest than he had any other measure before that body since he had been President. He had at all times been entirely free in the expression of his views, and was always opposed to expansion without redemption, and in favor of free banking, accompanied with such legislation as would carry out the pledges of Congress and the party in the direction of the resumption of specie payments, but he had to look at this matter a little different from the views of this committee. They show very well what they want, and may imagine, as he might were he a citizen of New York, that the whole country want what they do.

The President continued: The chairman of a similar committee from Boston called on him yesterday. If he ever could be in favor of inflation it would be from the effects of such arguments as that gentleman advanced against it; but that was unlike the one of this committee from New York. The gentleman from Boston, in behalf of those whom he represented, started out with the condemnation of what he (the President) had always believed to be right, speaking as if he were wrong. They opposed the purchase of United States bonds with the surplus from the United States Treasury. If he had acted as the Boston committee wanted him to do he would have kept such surplus in the Treasury until there was not a greenback in circulation. These bonds were purchased at his own direction, and the argument was used in the Boston memorial that the issue of greenbacks was of doubtful legality, and was to be deplored, and had to be sustained by a bare majority of one in the Supreme Court.

In conclusion, the President repeated that his views on this question were already known as against inflation and as opposed to breaking away from the redemption of pledges.

Cabinet Meeting.

The Cabinet was a longer time in session to-day than for several months past. All the members were present. It was stated that reports had reached here that Baxter, of Arkansas, had seized the telegraph line to prevent the Brooks party from using it, and accordingly instructions had been issued by the War Department to an officer at Duvall's Bluff to proceed to Little Rock and investigate the matter, and to see that telegrams to or from the General Government shall not be intercepted.

The President related to the Cabinet the particulars of an interview to-day between himself and a New York committee. In this connection the Senate finance bill was discussed, the President explaining his views at length, but what they were can not be ascertained. It is the belief generally that the President will approve the bill.

District Investigation.

In the District of Columbia Investigation this morning, Geo. B. Chittendon, of Chicago, read a sworn statement in reference to his connection with the contract of Degolyer & McClelland for laying one hundred square yards of wood pavement in this city. In it he denied that any money was used by him for corrupt purposes.

HARRISBURG.

The House Wakened up—All About a Liquor Bill—The Fight to Come off next Wednesday—That new Democratic Dodge.

Special to the Gazette.

HARRISBURG, April 17, 1874.

SENATE.

This was a dull day in the Senate. No business of public interest was disposed of. The session was occupied with bills on first reading, and at noon the Senate adjourned.

HOUSE.

A Scene on "The Liquor Question."

This was the day for bills on first reading. Several important measures were passed, when Mr. TONER, (Democrat) of Westmoreland, called up House bill No. 238, which allows distillers and brewers to deal out the beverage, by the quantity. The call was like a trumpet blast in the House, and waked up legislative attention to the highest pitch. Every member seemed wildly anxious to say something on the bill and vociferous calls were made from all parts, to attract notice from the speaker.

Mr. WEBB was the first one who was granted privilege to speak, and he made a motion to postpone indefinitely. This motion was voted down, the vote standing 47 to 40.

After another scene of confusion, during which the speakers gavel beat time musically upon the table, order was restored, and a motion was carried making the consideration of the bill the special order for next Wednesday.

The House then settled back to its normal quietude.

The afternoon session was occupied with bills on second reading and receiving reports from committees.

At five o'clock the House adjourned until Monday afternoon.

A Democratic Trick.

That trick of the Democrats concerning the appointment of Judges is very generally denounced as a dirty piece of business, that is even outside the meanest partizanship. They first had their man Orvis confirmed, under the plea of urgent need for an immediate appointment, and then, after thus hoodwinking the Republicans, they turn about and refuse to have anything to do with the other appointments. The plan was fixed up in caucus, and they managed the matter by refusing to vote. In this way there is a dead lock, as it requires a two-third vote of the Senate to confirm. It's the sealiest trick that has been played, even in odorous Harrisburg, for a long time. The Democrats themselves feel tender about it, for when Wallace was boned by Rutan about the caucus, he refused to speak—didn't even attempt to offer an excuse for the trick.

Governor Hartranft stands by his guns, however, and again presses the nominees he first named. ARCTIC.

BOSTON.

The Senatorial Contest Ended

Wm. B. Washburn Elected.

BOSTON, April 17.—The thirty-first ballot was taken this morning for United States Senator, with the following result: Whole number of votes, 265; necessary to a choice, 133; Dawes, 92; Hoar, 93; Curtis, 67; Banks, 7; Adams, 4; Washburn, 5; Whittier, 1.

Thirty-second ballot. Whole number of votes cast, 265; necessary to a choice, 133; Dawes, 72; Hoar, 75; Curtis, 69; Adams, 19; Washburn, 10; Banks, 12; Loring, 3; Pierman, Whittier, Sanford, Hale and Phillips 1 each.

A recess was here taken.

At a meeting of Dawes men before the session opened at two o'clock, a ballot for candidates other than Dawes resulted in 36 votes for Dr. Loring and 14 for Washburn, part of which were for Emery Washburn and part for Governor Washburn. The rest were scattering, Judge Bennett, of Taunton, receiving some votes. During the recess a communication was received from the Dawes men proposing a union on the name of Dr. Loring, which was rejected by the Hoar men by an almost unanimous vote. Another proposition was received from the Dawes men that the Hoar men should pass a resolution complimentary to Dawes, and the Dawes men would then withdraw his name. They also proposed that but one more ballot should be taken to-day, and the Convention then adjourn to Saturday. Both these propositions were voted down. Sprague, of Framingham, moved that the Hoar men should stick to Judge Hoar, but finally withdrew the motion.

The thirty-third and final ballot was taken. When the Convention assembled after the recess Sodman, of Boston, moved to proceed at once to ballot, which was carried, and the roll was called. After the roll was first called there began an immediate change of votes, which lasted nearly half an hour, all of them in favor of Governor Washburn.

The result was as follows: Whole number of votes, 267; necessary to a choice, 134; William B. Washburn, 151; Curtis, 64; Dawes, 26; Adams, 15; Loring, 4; Banks, 4; Wendell Phillips, 1; Stevens N. Gifford, 1; Jno. G. Whittier, 1.

The President stated that "it appears that Wm. B. Washburn is chosen Senator," and declared the Convention adjourned.

THE WANT OF THE AGE.

A Durable Artificial Stone Pavement.

Experience has demonstrated that the best material for pavements yet discovered is the *artificial stone*. It contains all the hardness of stone, without its roughness and other disadvantages. Some of this kind of pavement, laid in this city three years ago, is as good as when put down. Artificial stone has stood the severest tests, resisting the frosts of winter, the heat of summer, and the wear of constant use. It makes a smooth and cheap pavement, and not an instance of failure has occurred when the work has been properly done. As flooring for cellars, malt houses, breweries, etc., it cannot be excelled.

For any information, for satisfactory reference and for work in artificial stone, call at the office, No. 71 Federal street, Allegheny, hardware store of Hermann Straub.

House Furnishing Goods Cheap.

Household utensils being a matter of almost daily expenditure, it becomes an important item to know where the best can be procured at the lowest rates. Messrs. Stevenson & Bro. have opened at 131 Federal street, an immense assortment of these goods, and so varied that it is almost impossible to ask for anything with which you cannot be supplied. But the chief feature of their house is that their patrons will receive extra bargains as well as extra goods in buying from them. Rely upon it, they have first-class goods, and will afford them at exceedingly low prices. Buy good goods and buy them cheap, and thus save money. A visit to 131 will convince any one that their goods are of a superior quality, and cheap.

A Good Top Buggy for $125.

There has been introduced into this market a very superior style of Top Buggy, which is light, graceful, strong and durably manufactured, and which from its good qualities, as well as its extreme cheapness, is becoming very popular, the demand for them being of the rushing kind. Mr. R. H. Davis, of 167, 169 and 171 Penn avenue, has a full stock of them at his Repository, and will furnish them at the very low price of $125. They are models of elegance and beauty, and well worth $175. Mr. Davis keeps on hand a very excellent assortment of all kinds of carriages in every variety of style and at prices as low as the lowest. Call and get yourself something handsome and good for summer drives.

Ornamental Hair Goods.

Whatever style of ornamental hair goods you may require can be furnished to your order by R. A. Hall, 79 Fourth avenue, who has no superior in his line, as those who have patronized him can attest. All the latest novelties in hair goods on hand or manufactured to order at the shortest notice. Switches, curls, &c., made from combings. Toilet goods of excellence and beauty always in store. Ladies' and children's hair shampooed and dressed in the most pleasing and fashionable styles.

Hernia or Rupture.

Dr. J. Reichenbach has had such remarkable success in curing this troublesome and dangerous disease that his rooms at No. 11 Market street proved too small to accommodate the people who came to him for treatment, and he has removed to rooms on the 2d floor at No. 26 Fifth avenue, where men, women or children afflicted with this very common complaint can be rapidly cured in a few weeks, often in a few days. Hundreds of successful cures attest the Doctor's skill.

BONDS at Frankfort 98¼.

PETROLEUM at Antwerp 33½f.

GOLD closed in New York yesterday at 113⅞.

THE probabilities are now strongly favorable to Hoar being elected Senator by the Massachusetts Legislature. He led Dawes by one vote yesterday.

THE only journal in the city which opposed a late Convention has revised its opinion, and now favors the views we expressed. Second thoughts are often the best.

IN New York, a bill has been introduced in the Legislature to provide for the thorough cleaning of the streets of New York city. Why not send a copy of the bill to our Street Commissioners? It might suggest something.

THE House at Washington has voted down the mileage business, compelling, so far as this vote goes, every member to be content with his actual traveling expenses, in going to or returning from Congress. Of course this bill will die a natural death in the Senate.

REV. DR. CARLTON, whose death at Elizabeth, New Jersey, was recorded in yesterday's issue, was for twenty years at the head of the M. E. Book Concern at New York. He had amassed considerable wealth, and was City Treasurer of Elizabeth at the time of his death.

WE regret to notice that the *Standard* at Pottsville, in this State, is discontinued as a daily. It was a remarkably able and vigorous journal, and we supposed it to be sufficiently patronized to succeed. Like many a strong vessel, it went down with the flag flying, and in full vigor. It deserved a better fate.

MARSHAL MACMAHON, it is reported, in certain contingencies not unlikely to occur, will appeal to the people of France to rat[illegible] the Septenate—or seven years' term [illegible] Presidency—by a plebiscite. In the [illegible] of a favorable vote, he will convene a[illegible] Assembly, he being somewhat dissatisfied with that now in existence.

GOVERNOR BAXTER, of Arkansas, is making a vigorous effort to oust Brooks from the office he has held for a few days, as the result of a fraudulently obtained decision of the State Court. Baxter has declared martial law, has troops stationed within a square of the State House, and other troops are rapidly arriving. A day or two at most will witness Brooks' overthrow, unless he shall peaceably vacate the office he has seized.

IT is rather late in the day to discuss whether Pennsylvania favors contraction or not. It does not, and will not; and it simply is not correct that Senator Scott so explained his little joker that it was understood in the Senate before the currency bill passed that body. The evidence of this is the declaration of several Senators that they did *not* so understand it. This much in reference to the *Telegraph's* attempt to defend that gentleman.

THE UNAUTHORIZED use of names in a bill to incorporate a company of any kind is generally evidence that the entire affair is a swindle. The Philadelphia *Ledger* exposes the bill pending in Congress to incorporate an international land and emigration company as using the name of Mr. Childs without his knowledge and consent, as a corporator. This is evidence to us that it is a swindle, did not the marvelous scope of the enterprise force the same conclusion.

OF THE eulogies that have been or may be delivered in memory of Charles Sumner, few will more justly estimate the real strength and worth of the dead Senator than that delivered by Congressman Elliott before the colored men of Boston. To our mind the fact that amazing changes have taken place within a decade, whereby South Carolina is represented in Congress by a colored member is less wonderful than that the representative colored men should have speedily developed such mental discrimination, culture and power as is represented in the address referred to.

THE assertion has been put forward, from time to time, that the iron dealers are in favor of contraction. The Philadelphia *Press* is authority for the statement that Mr. Samuel J. Reeves, the President of the Phœnix Iron Company, whose works constitute very nearly the whole of the village of Phœnixville and its vitality—it is known as the largest in the country, and has had exceptional prosperity during and since the panic season—says that he does not know of a single ironmaster in Pennsylvania who does not favor what is called "inflation;" but what is really a proper supply of money to meet the needs of the country.

THE discrepancies between the salaries provided by the Legislature for the Judges in Philadelphia, and those of clerks, Sheriffs, and other officials, are made the text for severe comments by the *Bulletin* of that city. The case admits of strong contrasts, and severe comments. As applied to this city and county, the case is not so strong, as the several officials, except Sheriff and Prothonotary, receive no more than the Judges. But is it not amazing that offices that are filled from time to time by casual aspirants, should receive compensation equally liberal with that accorded our Judges, when there is neither the responsibility nor the previous training required in the political official that we require from the Judge.

THE Democrats in the Senate have begun their obstructive measures by refusing to vote for the nominees for Judges in the new districts formed under the new Constitution. The Republicans in the Senate confirmed Orvis, the Democratic nominee, as an act of courtesy. Now the Democrats refuse to reciprocate. The reason is the alleged unfairness of the Philadelphia apportionment. In other words, under a political pretence, they refuse to act on cases which involve merely personal judgments. They refuse to perform their sworn duty, in a spirit of mean petty revenge. This fact should not be lost sight of. Senator Rutan, in a plain, outspoken manner, cited to them their bad faith, and gave them an assurance which, we hope, will be kept, that they will gain nothing by their obstructive course. We much prefer that the nominations go unconfirmed than to permit a Democratic minority to dictate the course to be pursued by the Republican majority. We do not need a better fact to present to the people in the canvass, next Fall, than this. We hope no changes will be made in the Philadelphia apportionment because of this impudent, obstructive demand. There are fair, proper methods that can be applied to all political issues; and, had the Democracy asked, with an assignment of reasons, their rights, we know their appeal would have been fairly considered. But self-respect forbids concession, as the affair now stands.

IN VIEW of the prevalence of pickpockets in our city, and the increasing boldness of their operations, the increase in the number of gambling dens, and the steady increase of several forms of crime, several questions have been raised. Do the statutes and ordinances which relate to the government of this city empower the Mayor to direct his detective force to note infractions, such as we speak of, and arrest offenders? What is the specific duty of the detective force? Is it to discover the cases of concealed crime, and to arrest offenders? Is it necessary that informations should be made against brothels, doggeries, pickpockets, and the like, to secure their arrest? Should not the detectives know of the presence of the habitually law breaking classes in our midst, and warn them away? Is not any form of crime a violation of the peace,—and is not the detective force, as much as the patrol force, paid to maintain the public peace? If they permit notorious gambling dens, and various forms of established crime, do they perform their duties? We respectfully submit these queries to whom they may concern.

TO ALL interested in the action of the Legislature on the local option bills, passed last Winter, we invite attention to the legislative proceedings of yesterday. An order of the day for Wednesday next has been made of a bill, which practically repeals the local option legislation now on the statute books. It looks as if the liquor people had captured the House. We view this subject, at present, merely in the light of politics. If the bill referred to is passed next Wednesday, it will force the question of temperance into the next political canvass. We are confident, if the liquor people are bent on this, they will meet, next Fall, one of the most overwhelming defeats they ever heard of in this State. They will have against them the bad faith resulting from the repeal of the local option law. This alone will give the crusade movement the sympathy of thousands of persons and an overwhelming moral power. We have preferred that this subject should be kept out of politics, and left to the moral and social influences at work. But if the change is made, the liquor men must face the responsibility of their bad faith from the outset.

AT a meeting of the Directors of the Pacific Mail Steamship Company on Thursday a long discussion was had regarding the proposition submitted by the Union Pacific and Central Pacific Railroads, looking towards a freight and passenger combination.

A HAVANA letter says that Frederick Deckery, ex-United States District Attorney at Key West, is about the clumsiest individual to have been sent on any mission requiring a deal of tact, and has come to grief, owing to his stupidity in supposing he had a right to go about as he pleased.

THE announcement is made that the Tehauntepec Railroad Company have completed a contract for the construction and equipment of a railroad from Minitillan, across the Isthmus, to Salina Cruz, a distance of one hundred and forty-five miles, the work to be finished by the first of August, 1876.

AN informal meeting of the Boston stockholders of the Cincinnati, Sandusky & Cleveland Railroad was held on Thursday, at which the President presented a report of the Sloane investigation, and a vote was passed looking toward rendering stock held in the Columbus, Springfield & Cincinnati Railroad available to assets.

A HUGE TANK, situated in the upper story of the new Lindell Hotel in St. Louis, containing some eighteen thousand gallons of water, burst between two and three o'clock on Friday morning, and its contents ran over and through a large portion of the building, doing great damage to the newly laid plastering, stucco and other decorative works on the walls.

THE reports of small pox on Blackwell's Island turn out to be the result of a conspiracy of the friends of William M. Tweed, on and off the Island, to save him from being subjected to the discipline of other convicts. Two convicts confess that their eruptions were caused by the application of croton oil. The orderly of the hospital has been dismissed.

NEWS has been received of the loss, on the 14th ult., of the Chilian coasting steamer Tacna, with nineteen lives. It seems that the vessel left Valparaiso on the 13th, and while out at sea, began to keel over, and before she could be righted capsized. The loss of life is attributed to the panic which seized the cre[illegible] of whom made off with the only boat [illegible] sel.

Latest Advices Concerning Money and Stock Matters.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, April 18, 1874.

A perfectly easy supply of loanable funds is reported at the banks, and all acceptable paper is readily accommodated. There is still a close scrutiny exercised toward paper that is not strictly first class, but this is quite readily accommodated by brokers, if considered fair, but at one or two per cent. advance over the bank rates. The principal interest in monetary circles turns on the interpretation that must be given to the new currency bills which have passed Congress and are now in the President's hands. Does it mean inflation or contraction? Will it contract for a time and then inflate? If it contracts, will it not have a depressing effect on business? Will the subsequent inflation that is expected to follow, prove an actual benefit to business? We do not undertake to summarize the opinions expressed further than to say that a depressing influence is expected as the first result of the bill.

At a meeting of the Directors of the Pacific Mail Steamship Company yesterday a long discussion was had regarding the proposition submitted by the Union Pacific and Central Pacific Railroads, looking towards a freight and passenger combination. It is said to be not likely that any amicable arrangement can be made. Vice President Hatch says that all efforts to injure the reputation of the Pacific Mail are the results of direct efforts on the part of the stock-jobbers who assume to control the market, at the expense of all truth and honesty. We have now three thousand and three hundred passengers afloat in our thirty-three steamers, now in commission, and five hundred thousand dollars worth of freight, of which over one hundred thousand dollars is on three steamers now between New York and Aspinwall. We have three hundred and nineteen thousand dollars in bank in London and loaned on call, together with six thousand shares of Pacific Mail stock in the safe, while by economical management we have reduced the running expenses of the Company about forty per cent.

The break in the British iron market is most serious. Something like a panic prevailed on the 1st inst. Rylands' for March 28th says: "The iron trade continues to exhibit symptoms of increased depression. In every locality the price of iron is declining. Scotch pigs are less in value, and in sympathy with them the Cleveland brands are also selling at lower rates. Finished iron is also to be obtained at almost any price; but the best brands of Staffordshire houses are held firmly at the old rates. In this district we hear of furnaces being damped down, and the proprietors of mills and forges being glad of an opportunity of closing for a time. The effect of this closing will be felt by the workmen. The general uncertainty which prevails throughout the iron trade has exercised a depressing influence in Yorkshire. Many furnaces and mills are standing in the West Riding. It is said that many contracts have been accepted merely to keep on working, and keep the Belgians out of the market. Even the Bessemer steel trade—the last to yield to evil times—has shown signs of slackness. The output has considerably decreased of late, and blooms are freely offered at reduced prices. Cast steel has been falling during the last month."

NEW YORK, April 17, 1874.

Money 4@5. The imports of dry goods for the week were $1,578,636. Sterling was firm at 485 for sixty days and 488 for sight. The customs receipts amounted to $247,000. Gold closed at 113¾, after selling at 113¾@113⅜. The carrying rates were 2 to 3½ and flat for borrowing. The Assistant Treasurer disbursed $29,000. The clearings were $41,000,000. Governments were quiet and steady. State bonds were dull. Railroad bonds were weak. The depression in stocks early in the day was more decided than at any previous time since the downward movement commenced, and at the lowest point prices showed a decline of 1 to 3 per cent. in active shares. An announcement from Washington that the Senate Committee reported against additional Pacific Mail subsidy caused a sharp decline in that stock, which affected unfavorably the entire list; but probably the most important element at work against the market to-day was the fact that margins commenced to run out and a general unloading of loan stocks took place. The market rallied decidedly in the afternoon, which checked the pressure to sell, and the day closed with a firmer feeling and a recovery in price of from ¼ to 2¼ per cent., some stocks closing at the highest prices of the day. The recovery was most notable in Pacific Mail, Western Union Lake Shore Union Pacific, New York Central, Rock Island, Northwest, St. Paul and Wabash. The sales of stocks for the day were very large, amounting to 305,000 shares, of which 80,000 were Western Union, 32,000 Pacific Mail, 23,000 New York Central, 32,000 Union Pacific, 57,000 Lake Shore, 13,000 Northwest Common, 11,000 Rock Island, 11,000 St. Paul, 10,000 Wabash and 13,000 C. Condition of the Markets at Home and Abroad.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, April 17, 1874.

There is nothing new to record in regard to our local markets; trade is thought to be improving somewhat, there is no doubt but what it is better than it was at the corresponding time last month, yet there is still plenty of room for improvement. With the currency question finally disposed of and some fine weather, which it is not likely will be much longer delayed, we look for a general revival in trade.

APPLES—There is a very fair demand, and as the supply is light, prices, especially for choice fruit, are looking up; we now quote at $4@6 ₩ brl, as to quality.

APPLE BUTTER—65@75c per gallon.

BEANS—$2@2.25 ₩ bushel.

BUTTER—Continues to come in freely, and while there has been no quotable decline since our last, the market is easy, and dealers generally are anxious to realize; prime to choice, 35@38; fancy, in small packages, 40.

COUNTRY BACON—Country Shoulders, 7@8; Sides, 8@8½c; Hams, 9@10c. Country Lard, 8½@9.

CRANBERRIES—Quotable at from $15@18 ₩ brl, as to quality and condition.

CHEESE—Sales in a jobbing way at 16@17 for new Ohio, and 18½@19 for old New York.

EGGS—The market may be quoted firm at 16, and unless there is an increase in the receipts, an advance within the next 48 hours is not improbable.

DRIED FRUIT—Apples, 9 to 10 for quarters, and 12 to 13c for sliced. Peaches, 14 to 15c for halves.

FLOUR—Is firmer but unchanged. We continue to quote spring wheat at $6.75@7.25; $7.75@8.25 for red winter, and $9@10 for white. Fancy brands of Minnesota Flours, $7.75. Rye Flour, $5.50@5.75.

GROCERIES—The Coffee market is reported firmer east, under the influence of the Rio telegram, the tenor of which is more favorable to the holding interest, inasmuch as it reports higher prices there and a falling off in receipts and stock; the general effect, as might be expected, has been to stiffen the market, although as yet there has been no advance in prices, and, furthermore, no movement in the beau of any consequence. Refined Sugars are quoted firm with light stocks, and many of the refiners considerably oversold, but prices remain without quotable change. White Fish and Lake Herring in limited supply and stiff at full rates.

COFFEE—Choice Rio, 30; prime, 29; good, 28, fair, 27½. Roasted, 27@28 for 1 pound packages; loose, ½c less.

SUGARS—Patent Cut Loaf, 12½; Crushed, Powdered and Granulated, 11⅛c; Standard A, 10½; B, 10; Ex. C, 9¾; Circle C, 9¾; Franklin Extra C, 9⅞; Franklin No. 2 Extra C, 9; American Extra C, 8⅞; Yellow Sugars, 8 to 9, as to quality.

MOLASSES—Strictly prime new crop New Orleans, 80c; fair to prime old, 70@75.

SYRUPS—Extra White Drips, 70c; Sugar Drips, 60c; Amber, 60@65; lower grades, 35@40, as to quality.

RICE—Choice Carolina, 9⅞; Patna, 8⅞c; Rangoon, 8@8⅞c.

GRAIN—The arrivals and offerings of Wheat continue very meagre, but there is not much call for it, and prices remain unchanged at $1.50@1.55 for red winter and $1.60@1.65 for white, as to quality. The Oat market is firm at the recent advance and the supply is somewhat reduced—the arrivals recently having been comparatively light, and the indications at this writing point to higher rates, as farmers will soon be busily engaged in seeding; we continue to quote at 58@60. Ear Corn is in better supply and easier, although not quotably lower. Shelled Corn is in light supply and there is considerable inquiry for it—may be fairly quoted at 78@80c free in elevator. There is but little inquiry for Rye and not much offering—we continue to quote, in the absence of sales, at 95@$1.

HOMINY—Is still quoted at $5 ₩ brl. to the trade and $5.50 in a jobbing way.

HAY—Loose is selling from country wagons at $25@30 ₩ ton, according to quality and condition. Baled is firmer but unchanged, ranging from $18 to $25.

MAPLE SYRUP—Quotable at $1.10@1.15 for gallon jugs to the trade, and $1.20@1.25 in a jobbing way. Maple Sugar, in grain, 13@14.

MILL FEED—Bran is very scarce and higher; selling at $1.25@1.30. Middlings also higher, $1.50@1.60.

POTATOES—The arrivals are on the increase, but the demand is fully up to the supply, and prices are fully sustained; we continue to quote Peach Blows at $1.25 ₩ bushel on track and $1.35 out of store. Early Rose, $3.75@4 ₩ brl.

POULTRY—Dressed Chickens, 13@14c per lb. live, 75 to 85c per pair. Dressed Turkeys, 16@17c.

PROVISIONS—Hams—Extra Sugar Cured, 13 ₩ lb; canvassed, 13⅞; Shoulders—Extra Sugar Cured, 9⅞; canvassed, 9⅞; Breakfast Bacon—Sugar Cured 12; canvassed, 12⅞; Dried Beef—Extra Sugar Cured, 16⅞; canvassed, 17. Beef Tongues—Sugar Cured $7.25 ₩ dozen; Bacon—Shoulders, 8⅞ ₩ lb; Rib Sides, 9⅞; Short Rib Sides, 10⅞; Clear Rib Sides, 10⅞; Mess Pork, ₩ brl, $18.50; Lard—Prime Leaf, in tierces, 11 ₩ lb; Refined summer use in tierces, 11⅞; half brls 11⅞; buckets, 12⅞; in 3 lb caddies, 12⅞; in 5 lb do, 13; in 3 lb pails, 13⅞; in 5 lb do, 13⅞; in 6 lb do, 13⅞. Ham Sausage, 10.

SEEDS—Clover Seed scarce and selling in job lots at $5.50@5.75. Timothy dull at $3@3.25. Flax Seed steady at $2.25. Onion Setts, $8@7.

RAGS—Woolen, 1@1½ cents; Cotton, 4@5½c.

TALLOW—Sales at 6⅞@7.

WHISKY—Highwines, 98@$1.

PITTSBURGH IRON AND NAIL MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, April 17, 1874.

Trade in finished irons continues fairly active. It is holding out even better than was generally expected; it is true, orders have slacked off somewhat within the past thirty days, and the demand is not so urgent, yet, after all, the mills still have about all they can do, which is evident from the fact that they are all running, and the majority of them are working up to their full capacity. As noted in our last review, manufacturers complain more about small margins than a dearth of orders—some of them state that prices are unnecessarily low, and, while admitting that they have turned out as much if not more iron than during any former season, they claim that they have but little money. The shrinkage in the cost of the raw article has been of no advantage to manufacturers in general, as the price of the product was reduced correspondingly, and, besides, some of them had contracted for the former prior to decline, while they are now working it up into stock, and shipping off to their customers at present rates, which, of course, do not cover actual cost; however, we do not think that many of our manufacturers have much high priced pig from the fact that they have, until within the past few weeks, been adhering pretty closely to the hand-to-mouth policy, buying only for immediate wants. It is claimed that, taking prices as a basis, say 2⅞c for bars and $38 for pig, that the margin for profit is very small, yet it may be as well, the manufacturer is doing much better than the furnacemen, who are losing from $2 to $3 on every ton they sell at the price in question.

The Nail trade continues fairly active, the factories here are still working up to their full capacity, but, as in the case of iron, it is claimed that there is little or no margin at present rates; also, that there was no necessity for putting prices down so low. We continue to quote at $3.85@3.95 ₩ keg for lots of one hundred kegs and upward, with the usual discount of two ₩ cent for cash. Some manufacturers allege that there would have been just as many nails sold on a basis of a four dollar card, and that there was no call for dropping the price below that figure.

The Steel trade continues quite active, the mills report that they have all they can do and they expect business to hold up well during the balance of the season. The Steel trade of Pittsburgh is steadily increasing every year—orders are coming here from all parts of the country. There has been no quotable change in the card for some time.

PIG IRON AND BLOOM MARKET—WEEKLY REVIEW.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, April 17, 1874.

The pig iron market has been very quiet during the past week, and while it is evident that the demand has fallen off very perceptibly, the pressure to realize is not as urgent as it was three weeks ago and prices are still sustained. As a rule, producers are indifferent about selling at present rates, and it is not surprising, in view of the fact that they do not cover actual cost by from $2 to $3 ₩ ton, but there are still some few, who, owing to their financial necessities, are obliged to sell, and but for these prices would not have got down to where they are. A number of furnaces have blown out recently, others will do likewise as soon as they have worked up they have on hand, and the probability is that there will be a considerable falling off in the production within the next thirty days. No. 1 Foundry quotable at $33@35, 4 mos; No. 2, $30@32; Gray Forge, $27@27½, cash, and $28@28⅞, 4 mos.

Dry Goods.

NEW YORK, April 17.—There was a sluggish trade movement to-day, owing to the inclemency of the weather. The market for cotton goods was quiet, but prices were steady. Light brown cottons are more active. Some brands are sold up to the receipts. Denims are in good demand. Prints are not sought after. Ginghams are dull. Woolens move slowly from first hands. Imported dress goods were largely sold at auction to-day at fair prices.

Oswego.

OSWEGO, April 17.—Wheat in fair demand: prime white Canada $1.80@1.81; common white western $1.65. Corn higher at 81@83c.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, FRIDAY, April 17, 1874.

The Crude market continues fairly active, but, as compared with yesterday, there was but little change in prices: $1.80@1.85 ₩ brl. at Parker. There were some ten thousand barrels sold to be delivered here on this water, in bulk barges, at 4⅞c per gallon. Refined was reported weaker and quiet, but there was no quotable change in prices: April, delivered in Philadelphia, 15⅞; May, 15⅞.

The project to stop drilling for three months is still being agitated in the producing regions, and while it appears to find favor with many of the leading operators, it has assumed no definite shape as yet, and, it is doubtful whether it will. It is admitted that there are grave difficulties to contend with, yet it is argued that the prospects for the success of a movement of this kind are more favorable now than ever before, in view of the fact that most of the territory, as well as the great majority of the wells going down, is in the hands of fewer parties, and it is argued, therefore that there would not be so many conflicting interests to contend with.

The barrel market continues firm, but prices have undergone no change, $1.65 for countries, and $1.70 for city make.

Cattle Trade.

The Carrollton (Mo) Journal after having interviewed the prominent stock growers of that section, comes to the following conclusions: From the best information we can gather, on the first day of the present month there were no less than 4,000 head of 'top cattle'—that is first class native steers, ranging from 1,400 to 1,800 lb—in the county, which at a rough guess were worth as they stood, every cent of $300,000. This does not include lighter weights, of which there are several thousand head now feeding for the late markets, and which when sold, will probably run the grand total up to $500,000. The greater portion of the first class has been bought up by Mr. Alexander, the great cattle king of Illinois, Messrs Thomas & Castleberry of the same State, and Messrs Hunter & Co. and are to be delivered within the next few weeks. The movement was fully inaugurated on Monday and Tuesday, when one train of 22 cars containing 338 head of fat steers, valued at $30,000 left the depot at South Carrollton.

Boston Wool Market.

Harding, Gray & Dewey write as follows: The market for wool continued comparatively quiet until near the close of the week, when quite a number of buyers made their appearance, and the transactions during the past three days have been quite large, the sales indicating a good business. It is very evident that manufacturers are short of stock, and will be compelled to purchase considerable wool every week to keep their machinery running. Notwithstanding the comparatively large sales, the market has been quite free from excitement. There is no speculative demand whatever, and holders are anxious to close up stocks as fast as possible at the current rates. Were it not for the comparatively small stocks of wool in dealers' and manufacturers' hands, there would be a decided break in prices, the goods market for some months past has been so discouraging.

RIVER NEWS.

State of the Rivers, Movements of Steamboats, &c.

The river continues to rise at this point, with eleven feet in the channel last evening. Considerable rain again yesterday, and as it seems to have been general there will no doubt be another rise.

The Granite State from Portsmouth, arrived and departed. A fire broke out in her pilot house, in the morning, but fortunately was extinguished before any damage was done.

The Mallie Ragon from Wheeling, arrived and departed.

The Mary Miller will take her departure for Cincinnati to day without fail.

The Wild Duck, Captain Adams, is announced for St. Louis forthwith. The Duck is a permanent fixture in the trade.

The Allegheny was reported falling at Oil City yesterday, with five and a half feet in channel but raining. A large amount of oil will be brought down on this water.

The Rover, of Gray's Iron Line, is announced for St. Louis.

The Juniata from Cincinnati, and Belle of Shreveport from St. Louis, are among the first boats due.

—Friday's Cincinnati Commercial says: The Belle McCown, Panther, Tom Dodsworth, from Pittsburgh, with coal, passed down.—The Snillinger goes to Pittsburgh to-night.—Capt. Chas. H. Booth is in command of the Andes, in place of Capt. Muhlman, this trip.—On Sunday the new iron hull sidewheel snagboat, J. J. Abert was let into the Licking river quietly. It will be completed within a few feet of where it first touched the water. It was not quite ready for launching, but the stage of water was favorable. It will be hauled out on the Marine Railway to have the cutting beam sheathed with iron. The hull is 175 feet long, 62 feet beam, and 8 feet depth of hold in the center, with 2 feet of reverse sheer longitudinally. The two parts are joined together forward by a butting beam with a space between the parts of 10 feet. The boat will receive guards 14 feet 2 inches wide, when her width over all will be 90 feet 8 inches, and her length 178 feet 9 inches over all. The hull, main deck and boiler deck are all of iron. The iron used in the construction of the hull is of the following thickness: The two keels 7-16 inch, between the keels and outside the keels to the bilge streak 5-16 inch, bilge streak ⅞ inch, above the bilge streak ⅞ to 5 16 inch. The well—the forward part between the hull—is of ⅞ inch iron. On each side of the well will be constructed a gallows frame to haul up the snags for sawing. The iron J J Abert will receive the old wooden J J Abert's machinery. The latter's cylinders are 36 inches in diameter and 9 feet stroke. Putting the machinery at its proper value the boat will cost $175,000. This boat was commenced last May, and the first rivet was driven in June. The hull will be completed next June, and will be towed to Mound City to receive machinery and be completed. Captain N T Thom is the contractor, and D G Coppin is superintending the work.

—We extract the following items from the St Louis Democrat of Thursday: The Iron Mountain left for Pittsburgh with four barges of ore—1600 tons. Captain Wm. C Gray commands, and Williams Randolph and Sam. Dean are her pilots. The John Means probably left last evening for Wheeling, having all the ore she wanted.—W. H. Brown Esq., the Pittsburgh coal king, was on 'Change direct from the lower country, where coal is becoming almost a drug in the market.—The Ironsides, due to-day from Pittsburgh, goes to Dubuque or thereabouts with nine hundred tons of coal.—Several steamboatmen of Pittsburgh wish to know how many owners there are in John S. McMillen's steam capstan, and what portion of the royalty he received on the 200 boats that have paid.

—Yesterday's Cincinnati Gazette has the following Business was dull. Rates to New Orleans, 20c on bacon, 60c on pork and 75c on whisky.—The Thos Dodsworth and Etna started up the river last evening, with tows of empty barges.—The following towboats arrived from Pittsburgh, with tows of coal: Jas. Gilmore, Panther, Grand Lake, Belle McGowan, John Hanna, Thos. Dodsworth, J. Sharpe McDonald, John F. Dravo, Dexter, Alice Brown, Ella, Stella, Hornet No. 2. The Hornet No. 2 proceeded down the river, and will take her tow over the falls. She will meet the Fearless below, with 5 barges ore, and assist her up the river. Pilot, Amos Gardner.—Wharfage receipts for the week ending last evening, $224.75.

—The Louisville Courier of Thursday says: The coal fleet is coming in. Yesterday the Tom Reese and twelve barges, Diamond and thirteen barges, Sam Miller and seven boats and Enterprise and six boats arrived from Pittsburgh. There are some 15 or 20 more towboats with big tows of coal due, and will be arriving hourly until the fleet has come. A great number of barges of this coal is being run over the falls and landed at West Louisville, where they will stay until boats will be ready to take it South as the trade may demand. The bulk, however, of the coal coming on this rise will be left or kept here for consumption. We hope it will be plentiful in the market and cheap to the consumer.

—The St. Louis Globe of Thursday says: The Esperanza leaves this afternoon for Pittsburgh with 330 tons pig iron, 100 tons blooms, 150 tons fire clay and brick and 100 tons Anvils freight—a fair send off for dull times in a played trade.

—Mr. Alex Byers, of Byers McCullough & Co. iron manufacturers of Pittsburgh, was on 'Change yesterday, chaperoned by Commodore Dick Gray.

—The Western and Katie P. Kounts en route up the Missouri, passed St. Joseph on Monday.

HOME NEWS.

Robbed on the Street.

Last evening, a man named John Finley, about ten o'clock, was calling for the police at the corner of Market street and Fifth avenue. Officers Kennedy and McAnerney approached him and he said he had been robbed of forty dollars. They took him to the lock-up, where Captain Irwin fout: $635 upon his person, which he took care of. Mr. Finley it a Beaver county farmer.

Allegheny Wharves.

The Allegheny Committee on Wharves and Landings, held a meeting last evening, when Messrs. Righter, Sutton & Co. presented a communication refusing to pay wharfage, and the wharfmaster was instructed to enter suits for the same. On motion Controller Brown was instructed to advertise for 1,000 yards of clinking. The Committee decided to offer Messrs. McNaugher & Co. 20 cents per yard for 2,000 yards additional dirt, to be placed at the wharf near the water marks. The following wharfage assessments were made: Mr. Morrison, $30; Mr. Williamson, $150, and Messrs. Voeghtly & Cupps, $150 per year.

Assaulting an Officer.

Yesterday afternoon Richard Savage and Jno. Conovan engaged in a fight on the Allegheny wharf, near the suspension bridge. Officers Geary and Atkinson interferred and took the men in charge. While passing up Federal street Conovan broke away and officer Geary started in pursuit. The prisoner was overtaken at a board pile near the Hand street bridge, when a companion named Edgar interferred and struck at the officer with a knife. The intended victim to save his face caught the knife in his hand and received a very severe gash, which rendered him unable to hold his man. Conovan and Edgar thus escaped and the officer required the services of a surgeon. The other man Savage was safely landed at the lock-up.

BOILER EXPLOSION.

One Man Seriously Injured.

On Thursday last the boiler of Wilson Mahan's portable saw mill, while at work sawing logs on the farm of James Leeper, Poe, Beaver county, bursted her boiler, the major portion of which was thrown a distance of over five hundred feet. Charles Mahan, who was stoking at the time, was badly scalded over the head and body and it is thought he cannot survive. One of his arms was also fractured by a piece of the iron striking him. The gauges showed sixty pounds of steam at the time of the accident.

THE GOVERNMENT SITE.

WATER COMMITTEE.

Officers Elected Last Night—The Fifty Inch Pipe—Bond Filed—Financial Statement.

A special session of the Water Committee of Councils was held last night in Municipal Hall. The chief object of the meeting was to elect officers for the management of the Water Works. A quorum was present, Mr. Chalmers in the chair.

The following communication from the Controller was read:

GENTLEMEN:—Enclosed please find certificate from your committee in favor of Wm. Smith to the amount of $16,636, as per resolution of Mr. McCune offered at the last meeting of Councils. I am instructed to withhold payment of any bills for pipe or other material not included in the contracts which were ratified by Councils. You will therefore please deduct the amount as certified to by your Chief Engineer, from the certificate enclosed. R. M. SNODGRASS, Controller.

The following was also read:

To whom it may concern.

This is to certify that the total amount of fifty inch pipe included in Wm. Smith's estimate under his contract with the late Water Commission of the city of Pittsburgh, is 75 1-5 tons which at the price allowed amounts to $6,241.60; of this there has been retained ten per cent. leaving $5,617.44 which amount has been allowed in the cash payments to be made.

W. H. KENNEDY, Chief Engineer.

A motion was made to divide the estimate so as to withhold payment for the fifty inch pipe mentioned above. After some discussion the motion was carried.

The bond of Messrs. N. Snyder & Co., contractors for the erection of boilers at the Water Works, amounting to $55,376 was presented and approved.

A communication was read from City Clerk Morrow stating that Councils had approved the offices and salaries for the Water Department as recommended by this committee. It was received and filed.

On motion it was decided to go into an election for officers, and Mr. Morrison offered a resolution authorizing the Clerk to advertise for proposals to fill the position of Clerk to the Committee, and that all applicants be required to furnish references. It was laid on the table, and the Chairman said he was ready to receive nominations.

Mr. Joseph Lowrey was nominated for Mechanical Engineer and unanimously elected. Mr. Jacob Schenelier was elected Assistant Mechanical Engineer by acclamation, Mr. Lowrey having signified that he was his preference for Assistant.

Mr. W. H. Kennedy was elected by acclamation to fill the position of Civil Engineer. For Assistant Civil Engineer, Messrs. J. E. Shields and Robt. McClelland were nominated. A ballot was taken, resulting in the former receiving fourteen votes and the latter eleven. Mr. Shields was declared elected.

For Clerk to the committee the following gentlemen were nominated: Messrs. John T. Duff, the present incumbent, S. D. Wormcastle, John Patterson, W. F. Murdoch, L. B. Richards and C. B. Bostwick. In nominating Mr. Bostwick, who is Assessor of Water Rents, Mr. Mitchell stated that the gentleman was not an applicant at all, but he had been informed that the duties of the position had become so onerous that he would soon require the assistance of another man anyhow, and that if he was elected Clerk to the Water Committee he could, with an assistant, discharge the duties of both positions and save the city $1,200 or $1,500 per annum. Mr. Mitchell finally withdrew the name of Mr. Bostwick, and the balloting proceeded as follows:

BALLOTS.

	1st.	2d.	3d.	4th.	5th.
Jno. T. Duff	11	13	12	13	14
S. D. Wormcastle	5	5			
John Patterson	6	8	13	13	12
W. F. Murdoch	1				
L. B. Richards	1				

At the end of the first ballot the two candidates receiving the least number of votes were dropped and Mr. Aull, when the result of the second ballot was made known, withdrew the name of Mr. Wormcastle. The third ballot resulted in no choice as it required a majority of all those present, twenty-six, to elect, the requisite number being fourteen. There was no election on the fourth ballot, but on the fifth Mr. Duff received a majority and was declared elected.

A statement of the Finances of the Committee was submitted as follows:

Balance in Treasury	$742 703 13
Bonds unsold	268,900 00
	$1,011,603 13

The bill of Mr. Lane, formerly Consulting Engineer, for the payment of his traveling expenses, amounting to $60, was ordered to be paid, and after the transaction of other unimportant business the Committee adjourned.

"The Old Blockmaker"

is still busy at his old stand, No. 57 First avenue, where he is manufacturing the famous iron strap block, which is the smoothest, best and easiest working block in the market. Mr. Davage makes work that is far ahead of Eastern manufacturer's, and he has the most complete machinery for the purpose, and he is able to sell really lower than any firm East of Pittsburgh. Mr. Davage warrants every block that leaves his establishment, and railroad companies, steamboatmen, merchants and others can not do better than call upon him if in need of anything in his line, being assured that his reputation as an old citizen and manufacturer goes with every article he makes.

Good, Durable and Cheap.

There is at all times in store at 108 Federal street a stock of boots, shoes and gaiters of good material and superior make-up. Boots and shoes that will save many a dollar by preventing coughs, colds and consumption; suitable for dress, for work, and all kinds of wear. Go to No. 108 Federal street and be satisfied by an inspection of the stock that the goods are satisfactory, and what is more, the prices extremely satisfactory. You will find them good, durable and cheap.

BREVITIES.

····The Fire Commission will meet next Monday evening, and decide whether the Skinner patent ladder shall be accepted and placed among the apparatus of the Pittsburgh Fire Department.

····The "texas" on the steamer "Granite State" caught fire yesterday morning, lying at the Monongahela wharf. An alarm was sounded from box 7, but the fire was extinguished with a trifling loss.

····A Tyrone "Medical Man," the first ever known from that place, has signed the pledge. He will be serenaded when he returns to his native village. The Altoona *Tribune* man will await him at the depot.

····The jewelry store of S. S. Clark, of Butler, Pa., was robbed recently of several hundred dollars' worth of watches that had been left with him to be repaired. It is thought they have been brought to Pittsburgh to be pawned.

····The Municipal Hall architect, Mr Kerr, is about to enter into a contract with T. B. Atterbury & Co. for an opaque glass to be placed between the new dial and the gas jets of the city clock, on the Fifth avenue side. This will obviate the difficulty that now exists in telling what time it is.

····The gang of loafers that congregate at the corner of Washington street and Webster avenue is a great nuisance. They use the vilest language while ladies are passing, and oftentimes make obscene and offensive remarks. The police make no effort to remove them, though many complaints are made.

····Alexander Clark's lecture in Bellefield Presbyterian church on Thursday evening was a success as to audience and interest. The Sunday School Library Fund has had the benefit. Mr. Clark will start in two weeks to fill a series of lecture engagements in the South, extending as far as Atlanta, Ga.

····The *Banner* speaking of the alleged injury to health from the present mode of burial says "Allegheny Cemetery is to-day much healthier than Penn avenue, and Uniondale than the avenues surrounding the Allegheny parks. It is the living and their filthy surroundings which cause disease, and not the dead quietly slumbering six feet under ground."

....We have received from the talented author, Rev. Father Byrne, late of St. Paul's Cathedral, a neatly printed copy of an oration recently delivered by him in Toledo, Ohio. Like all of the gentleman's literary productions, it is smooth, vigorously worded and scholarly. Father Byrne is fully as popular with the literary people of Toledo, as he made himself during his parsonage in the Cathedral, of this city.

····Two men named Wm. Sheldon and Mathew Murray were swindled by three card monte men yesterday, on the Southern express on their way from New York to this City. The former lost $600, and the latter $50. The swindlers, three in all, left the train at Torren's Station and proceeded to the drove yards. Sheldon made an information against them at the Mayor's office, and detectives Cupples and Herron are on the lookout for them.

PERSONAL.

***It is Secretary Duff still, after a warm fight.

The following cases were continued, viz.: W. G. Johnson, trustee, &c., vs. Blackmore & Nelson; Edward House vs. Blackmore & Nelson; Fourth National bank of Pittsburgh vs. Christopher Graff; J. B. Sneathen & Co., et al. vs. Staib & Co.; John H. Bailey, assignee, &c., vs. Blythe & Deitrich.

The National Iron Company, bankrupt, Montour county. Assignee directed to pay certain taxes due upon estate.

There being no other cases on the trial list undisposed of, the court, after thanking the jury for their attention discharged them.

Common Pleas Court.

[*Before Judges Sterrett & Stowe.*]

In the case of the Citizens' Oil Refining Company vs. William J. Kountz, previously reported, the jury found for plaintiff this morning for $702 50.

The three cases of Kestner vs. the P. V. & C. R. R. Co., are still on trial before Judge Stowe.

In the case of Thomas Smith et al, vs. George Thornton, reported yesterday, the jury found for plaintiff, with 6¼ cents, damages and costs, subject to the decision of the Court on a question of law reserved, as to whether the marriage contracted in Virginia entitled the children to an inheritance of the property.

District Court.

[*Before Judge Kirkpatrick.*]

In the case of McGee vs. McLaughlin et al, the jury found for plaintiff.

The jury is out in the case of David Meldrum vs. Wm. Holmes.

The case of Charles McCauley vs. David McKay, Loyal Grieves and Archibald Grieves is on trial. This is an action to recover damages for the injury of a house in Allegheny city, occasioned by defendant in constructing an adjoining building.

Criminal Court.

[*Before Judge Collier.*]

In the case of the Commonwealth vs. Ed. Grinder, Joseph Welser, and Christopher Welser, charged with larceny, the jury is out.

Edward Grinder plead nolle contendere to the charges of larceny and receiving stolen goods.

The jury is out in the case of John Christoffil charged with cruelty to animals.

The case of the Commonwealth vs. James Sarver, David McGinley and Charles McGinley, indicted on oath of E. W. Cornish for assault and battery and obstructing a constable, is on trial. The prosecutor, a constable of the borough of Elizabeth, attempted to arrest a party for disorderly conduct, when, as it is alleged, the defendants assaulted him and rescued the prisoner.

Consult Comfort and Appearance.

Nothing puts a man more at his ease at home and in society than the wearing of a suit which he feels is comfortable, and which he knows is neat and good fitting. These requisites are always the result of an order to the fashionable tailoring house of M. T. Heckert, No. 47 North Diamond, who has an extra good lot of cloths of the most seasonable and desirable patterns. Whoever heard of Heckert getting up an ill-fitting suit? Go and see his fresh stock of furnishing goods. Prices moderate.

THE CRUSADERS.

Meeting of the Woman's Christian Temperance Union Last Evening—The Interest Not Lagging—Rev. Cranage Once More—Mrs. Van Horn's Elucidations—Some Interesting Talk.

Last evening the Woman's Christian Temperance Union held a mass and business meeting in Wesley Chapel on Liberty street corner of Seventeenth. Mrs. S. B. Robinson opened the proceedings by reading a portion of the Scripture, after which Rev. Mr. Dallas (the Pastor of the church,) led in prayer.

"A charge to keep I have" was sung by the congregation. The minutes of the last meeting were read and approved.

Rev. Mr. Cranage then spoke briefly.

Mrs. Van Horn said she liked a man when he was right, and when he didn't do right, she didn't like him so well. She allowed her husband to do as he is a mind to; go to the lodge or where he was a mind to. Some drunkards came to her house and said God bless the women; and had asked her to allow them to sign the pledge,—fairly begged. But she didn't believe in drunken men signing a pledge, for they didn't know what they were doing.

A PRESCRIPTION.

Rev. I. V. Hoag, of Allegheny city, said he had some advice to offer them and which would crush intemperance in five years. He wanted no lady to allow a man to cross her threshold unless he was a temperance man. He thought if a man thought anything of a woman he would go to the ends of the earth for her. If this prescription was taken by both sexes it would crush liquor. The result would be wonderful; in ten years liquor would be unknown. He had personified the temperance cause in himself. He had lived a temperance man forty years. He thought liquor was the greatest evil between Heaven and hell.

Mr. Agnew spoke of the work the ladies were doing, and he advocated it, saying "that they were the very persons adapted to the work."

Mrs. Black gave the Ferry street dog story, very interestingly, and a brief history of Thursday's work.

Mrs. Hill made a short address, and appealed upon the women present to join them in the street work.

JOHN B. GOUGH.

Mrs. S. B. Robinson said that the first time that she heard John B. Gough, was in this very church, Wesley Chapel. Every interest was manifested in him. Then there were then scarce twelve taverns on Penn avenue between here and East Liberty. She never thought it was right for woman to speak, but she had changed her mind since she had taken hold of this work and believed in it.

She thought putting down liquor was part of the women's duty. She was not very young but she would work for the cause as long as she lived.

"There is a fountain filled with blood," was next sung.

Mrs. Gibbons said she had felt the curse of drunkeness. She had placed her trust in God, and she had felt His power more every day. Her husband is now a temperance man. God had heard her prayers. She was a poor woman, but would give her last dollar for the cause. It was nothing new for her—to go out on the sidewalk, she had gone out many a night to bring home her drunken husband. She hoped God would save every soul.

Mrs. Van Horn once more appeared upon the floor and made a short speech.

The choir then sang a hymn, after which Mrs. Hill announced that the next regular meeting would be held in the Rev. Dr. Milligan's church, on Eighth street, on Tuesday afternoon next, at two and a half o'clock, at which Mrs. Harper, the colored lady, will speak, and on Friday evening next Mother Stewart will speak at the meeting to be announced hereafter.

Mrs. Black then appealed to the ladies to meet them at the Alliance rooms at nine o'clock every morning, in order to take part in the work.

WHO THE GOOD MEN ARE.

Mrs. Matchett said she would work for temperance as long as she lived. Every man who drank, be it ever so small, were just as much drunkards as any. They belonged to the church and were called good. There were two good men to take their part, for every bad man that spoke against them. No *man* would refuse them admittance to their saloons or wholesale houses. She believed in talking temperance at home. She wanted the ladies to work in the cause. The wives to think of their husbands and the mothers of their sons. They needed more women to help them. It was a good cause, and they were needed.

A meeting was announced to take place in Wesley Chapel on Thursday evening next.

Rev. Cranage then led in prayer. After singing the Doxology, Rev. Mr. Dallas pronounced the benediction and the meeting adjourned.

Watches—Gold Watches—Silver Watches—American and Foreign Watches—Good Watches.

General Washington's Secretary being late at an appointment, laid the blame on his watch. The General said to him: "You must either get another watch, or I must get another Secretary." Those purchasing their watches from Messrs. Geo. W. Crawford & Co. of No 76 Fifth avenue, are sure to get *reliable* time keepers, as he has an unsurpassed assortment of all the leading American and Foreign makes, whose excellence and reliability are vouched for by the hundreds who are using them. Everything else to be found in a first-class jewelry store, Sleeve Buttons, Studs, Chains and Bracelets of elegance and beauty. A specialty made of fine watches and the repairing of fine watches.

The two Requisites.

The essentials of a first-class suit are good material and neatness in the make up, and a suit lacking either of these cannot be said to be elegant; yet if there be skill and good taste exercised in preparing the material, a very common piece of cloth may be made to look rather well. But an extra quality of cloth in the hands of a bungler, will make but a sorry appearance in a suit. For a fine suit then patronize such an establishment as that of Messrs. Hespenheide & Co., No. 50 Sixth street, where can be found an assortment of cloths, unsurpassed for elegance, beauty of finish, fineness of texture, and where the same will be made into suits to measure by workmen of the highest skill and experience. The house of Hespenheide & Co. is second to none in the quality and style of their cloths and in the manufacture of fashionable suits.

Books, Magazines and Periodicals.

The best books in every department of literature, whether of science, history, biography, poetry or humor, by ancient or modern authors, always on hand by Messrs. Gildenfenny & Hess, No. 45 fifth avenue, where you can also obtain magazines of fashion, with the very latest styles in American and European fashion, with periodicals of every character, gay and grave, lively and brimfull of wit and humor, worth more as promoting health by a good laugh than bottles of tonic and bitters. A discount of 20 per cent. on all sales of a dollar and upwards. All the magazines for May now on their counters.

In Full Operation.

The new and extensive wagon factory of Messrs. C. Coleman & Son, just completed, at the corner of Craig street and the river bank, Allegheny, enables the firm to fill large orders promptly. Orders come in so rapidly that the firm had not large enough quarters at their factory on Marion avenue to fill them as rapidly as desired, and consequently were compelled to do something to enable them to accommodate their large number of patrons. Their present facilities are now ample, and having a very large three story factory, they can now accommodate all their patrons without delay. Do not fail now to leave your orders.

You Need Some More Carpets.

And before supplying yourself with all you need, make a visit to the Carpet House of Messrs. Welty Bro's., No. 106 Federal street, examine the excellence and variety, the freshness and beauty, the elegant and pleasing designs of their carpets, and you must be satisfied with the goods, and here the matter ends, because you are sure to purchase. But, perhaps you may demur to the prices! No, indeed nothing of the sort, for the prices are as low as the lowest, and the constant flow of customers to this store proves that they are giving bargains. Go while the stock is full and secure the neatest patterns, and rest assured, the prices will meet your satisfaction.

We claim, and shall be happy to prove by actual demonstration at our salesrooms, that the WEED SEWING MACHINE runs more easily, can be more readily learned and operated, is more convenient in every way, will wear longer, do more work with a given amount of time and labor, and, finally, by its wonderfully range and capacity for all kinds of sewing, is better adapted to meet the requirements of a Family Sewing Machine than any other in the market.

Sold on prices to suit any one, and on payments to suit the times. Office 116 Market street. F. C. BIGGERT, General Agent.

TTHS

Franklin Savings Bank, Allegheny, have removed to their new house, No. 171 Federal street.

Congress Will Inflate,

But Mr. R. Taggart 129 Federal street, Allegheny, will continue to sell his boots, shoes and gaiters at wholesale prices, or, in other words, he will sell 20 per cent. lower than his competitors. Hundreds speak of his house as being the cheapest place to buy boots and shoes they ever patronized. Call and verify their assertions.

Excellence and Cheapness Combined.

Some articles sold cheap are yet dear, the poor quality not justifying the price, but at the boot and shoe store of R. Taggart, No. 129 Federal street, Allegheny, boots and shoes of extra quality are sold cheap. This house is noted for excellence and cheapness.

CONSUMPTION,

The scourge of the human family, may in its early stages be promptly arrested and permanently cured.

RAVENSWOOD, W. VA., Oct. 28, 1872.

DR. R. V. PIERCE, Buffalo, N. Y.:

Sir—For the last year I have been using your Golden Medical Discovery. I owe my life to it, having been afflicted for years. Did not use it but a short time before I was benefited; at that time I was very bad, not able to sit up much, was suffering greatly with my throat, was getting blind, had a dry cough, and much pain in my lungs. I have used twelve bottles of the Discovery and am almost well. KATE T. WARDNER.

A son of Mr. J. H. MESECK, of Chatham Four Corners, N. Y., has been cured of Consumption by Dr. Pierce's Golden Medical Discovery—so says Mr. C. B. Canfield, editor of the *Chatham Courier*.

S. R. EGLAR, druggist of West Union, O., writes to state that Dr. Pierce's Golden Medical Discovery has effected a wonderful cure of Consumption in his neighborhood. TTH&S

AMUSEMENTS.

PITTSBURGH OPERA HOUSE.—"The Secret Marriage" and "Americans in Paris" formed the attractive bill at the Opera House for the benefit of Mr. J. H. Stoddard. In the first mentioned comedy Mr. Stoddard appeared in the character of *Joe Spurit*, which allowed him full scope for the display of his peculiar power and genius. The company supporting him is one of the best before the public. "The Secret Marriage" and "Americans in Paris" will be performed at the Matinee to-day, and Mr. Stoddard and his New York Company will make their last appearance this evening in "Americans in Paris" and "The Long Strike." Monday evening Mr. E. T. Stetson commences a week's engagement, appearing in his great sensation drama, "Neck and Neck."

ACADEMY OF MUSIC.—Do not neglect the Bullock Royal Marionettes. They give a matinee this afternoon, and appear again this evening. This entertainment, so original and amusing, is something so really wonderful, and withal so ridiculously mirth-provoking, that the most sedate can not help but laugh. The figures, life size, act so nearly to life that their performance mystifies, as well as furnishing a pleasant pastime. The transformation scene is the most beautiful and artistic ever given in this city, without exception. The tricks are novel and so absurd that the little folks fairly roll with laughter. Go early to the Academy to get a seat.

LIBRARY HALL.—The Vokes Family will give but two more of their delightfully comical and charming performances in this city—this afternoon and evening. As burlesque artists and comedians they are novel and original, while as vocalists and dancers they display talent of the highest order. Fred's dancing surpasses all in grotesqueness, and the sisters create an amount of merriment which it would be impossible to describe. To those afflicted with melancholy, blues, despondency, or any other such complaint, the best advice is to improve this last opportunity and take a dose of the Vokes, at Library Hall.

THE GREAT FOREPAUGH SHOW.—On Monday, April 27, the great Circus, Menagerie and Museum Combination of Adam Forepaugh, as now organized for 1874, will open for a brief season in Pittsburgh and Allegheny. The great show will exhibit at East Liberty on Monday: at Penn and Thirty-first streets on Tuesday; in Birmingham on Wednesday, and at the Allegheny Skating Park on Thursday and Friday. The people of Pittsburgh have at all times been liberal patrons of such performances, and the merits of Forepaugh's show will insure crowded audiences at each performance. New features have been introduced in every department, with entirely new and costly paraphernalia. Many rare animals have been added to the large and interesting collection of former years, and numerous curiosities placed in the museum. The hippodrome and circus have also been enlarged, and everything connected therewith furnished, regardless of cost. The present is the eighth annual tour of the combination.

JOHN ROBINSON'S CIRCUS.—On Monday next, on the Robinson lot, on the north side of the Suspension bridge, John Robinson will open his exhibition of the "World's Exposition," including a menagerie of living wild animals, an aviary of birds, a school of amphibia, including monsters of the great deep, thousands of monkeys, a grand museum, wax works, automatic figures and musicians, and a circus strictly moral and second to none. This great and extensive show will exhibit but five days. The price of admission, though the combination is immense, is not increased above the usual rate, only fifty cents being charged for grown persons and twenty-five for children. There will be a grand street pageant on Monday morning.

WESTERN UNIVERSITY LECTURES.—The second of the series of scientific lectures under the auspices of the Western University, will be given in Library Hall on next Tuesday evening by Prof. S. P. Langley, director of the Observatory. Prof. Langley has chosen for his subject "The Sun," and there is no man in the country who is better qualified to discourse, entertainingly and instructively, on the topic. The lecture will be brilliantly illustrated by means of the Drummond and electric lights, and promises to be even more interesting than a previous lecture on the same subject, which attracted such a large audience about a year ago.

MARTIN'S VARIETY THEATRE.—This place gives the second grand matinee to-day, for which a good bill has been prepared. The theatre has become popular, and large audiences fill it nightly, and attest to the quality of programmes given. For this evening the management has prepared an excellent entertainment.

LIBRARY HALL.—On Monday evening Prof. Guenther will give his third grand concert. For this occasion a very choice programme has been prepared, and a constellation of first class talent will appear.

CITY HALL.—The fair in progress here for the benefit of the orphans, continues to attract a good share of patronage. Of course, the promenade forms a pleasing feature.

Tiegel's Suits are Good and Cheap.

Are universally admitted to be models of taste, neatness and excellence. His stock of cloth for suitings is late in style, fresh and fashionable. He employs the best workmen to be found, and it is almost impossible for the house to turn out a suit which is not perfect and complete in every respect. He has the very best American, as well as all the varieties of imported cloths, cassimeres and vestings. For a good spring suit call at No. 53 Smithfield street.

Vokes Matinee at Library Hall.

OUR CHANGING BODIES.

Our bodies are constantly changing. The dead matter passes off by the bowels and the pores and digestion and assimilation supply fresh material. This material cannot be pure, and consequently the body cannot be healthy unless the stomach and the secretive organs perform their allotted tasks thoroughly and regularly. That they may do so keep them in good working order with that most efficient of all invigorating, regulating and purifying preparations, Hostetter's Stomach Bitters. If you wish your blood to be really the "stream of life," to have your bones clothed with sound flesh, to be exempt from nervousness and debility, to be clear headed and cheerful; in short to possess that choicest of Heaven's blessings, a sound mind in a sound body, resort to the great vegetable restorative whenever you feel languid, or suffer from indigestion, or are billious or low spirited, or suffering from any derangement of the animal functions. The relief is immediate, and full restoration certain.

MARRIED.

CARSON—JOHNSON—At Columbus, Ohio, on Thursday evening, April 16, 1874, by the Rev. R. J. Johnston, at St. Paul's A. M. E. Church, Mr. PAUL J. CARSON, of Pittsburgh, Pa., to Miss ANNIE M. JOHNSON, of Columbus, Ohio.

WORKERS IN IRON.

The Establishment of Messrs. Riter & Conley—A Word to the Trade.

We take pleasure in calling especial attention this morning to the establishment of Messrs. Riter & Conley, Nos. 55 & 56 Water street, for we believe it is one that is every way worthy of recommendation. This is the establishment founded in 1864 by the late Mr. James M. Riter, and at the death of that master workman, taken in charge by the present firm. The special branch, of labor to which attention is directed is that of working in iron and copper. In pursuance of this the firm build blast furnaces, Siemen furnaces, rolling mill stacks, oil tanks, and do all kinds of sheet iron and copper work. They have an extensive shop extending from Water to First streets, which is filled with all the latest improved machinery, in which respect it is rather ahead of anything of that kind in the city. Work can be turned out from this shop quicker than from any other in the city, because of this great advantage in having the most complete facilities in machinery.

The firm have been paying somewhat special attention to the building of oil tanks and furnaces in which their success has been marked. Within the past eight months they have erected 600,000 barrels of tankage, and have given universal satisfaction to their patrons. They also erected two of the largest furnaces in the United States at Port Washington, Ohio, and are now engaged with the erection of two other furnaces, of the Ferrie pattern, at Ironton, Ohio. They are the only builders of blast furnaces in Pittsburgh, and never failed to make a job stand the test. Their work in every case is its own recommendation.

The members of the firm are Messrs. T. B. Riter and W. H. Conley, and their success is traceable to the fact that they are practical men, who thoroughly understand the business in which they are engaged and who live up strictly to every contract. They have provided themselves with the workmen and machinery for doing their work, and thus every order whether it is large or small is faithfully executed.

The firm, however, is one which does not need any puffery, and in calling attention to the establishment, Nos. 55 and 56 Water street, we do so merely to advise any of our readers having business in their line if they want work *well done* to call there.

It Will Pay to Remember

That in the purchase of ready-made clothing your money will go farther at Messrs. Strassburgher & Joseph 161 Federal street, than at any other house, keeping as they do an elegant assortment for spring wear, of popular styles and patterns. But the chief attraction of this house is their splendid stock of piece goods, from which you may select a suit to order made in the highest style of art. A complete line of gents' furnishing goods of extra quality and rarity, at the very lowest prices always in store.

How Some Men Get Rich.

Some men get rich in business by selling at enormous profits, but Mr. R. Taggart, Boot and Shoe dealer, of 129 Federal street, Allegheny, although doing an immense business, does not expect to become wealthy in one or two years, as he sells his boots and shoes at the smallest possible profits. A family purchasing their boots and shoes at his store can easily save in a year from 20 to 25 dollars.

Removal.

FRANKLIN SAVINGS BANK Allegheny, have removed to their new building, No. 171 Federal street.
